

A close-up photograph of a carpet tile. The tile has a dense, grey, textured surface. Diagonal stripes of red and dark grey threads run across the tile. The stripes are more pronounced on the right side and fade into the grey background on the left. The lighting is soft, highlighting the texture of the polypropylene fibers.

ESSENTIALS COLLECTION

An inspiring and hugely cost-effective
Polypropylene carpet tile range

MULTI GRID 087 with GREY STONE 078
